Ramesh Rajasekaran

S/O G Rajasekaran

South street-2, Thendral Nagar

Bodinayakanur-625513   **Email**: ramesh.vignesh8@gmail.com

Theni Dt.   **Mobile**: 9042883240

Objective

Looking for a challenging position in the organization where my knowledge would make a significant contribution to the company's growth in turn which would enhance my technical skills

About Me

I have 3 years of experience in software development with expertise in multiple technologies, including Dot net, Dot net core, Web Api, SQL, Power Automation, programming languages such as C#, as well as web development frameworks like ASP.NET and Angular.

I am constantly learning and adapting to new technologies, and I am committed to creating high-quality software that meets the needs of my clients and users. As a Full Stack Developer, I bring a unique perspective and a wealth of knowledge to any project I work on. My attention to detail, passion for clean code, and commitment to delivering high-quality solutions make me a valuable addition to any team.

Personal Profile

Name   : Ramesh Rajasekaran
DOB   : 28-10-1998
Marital Status   : Single
Languages Known   : English, Tamil, Kannada.

Work Experience

- **Intern at National Remote Sensing Center, ISRO**

  Dec, 2019 - April, 2020

- **Senior Software Engineer at LTIMindtree**

  October 2020 - Present.

Project Details

- Collaborated with SME's and On-shore team on entire software development Lifecycle (SDLC) from requirement gathering to supporting the application after production release on the ALC order store application, which is essentially an e-commerce website.
- I have tackled various complex projects, including migrating millions of legacy data from SQL Server to Salesforce using an API Calls in .net core solution.
- Developed a dot-not-core console job to auto-trigger an email with a generated data report.
- Also, I got an opportunity to migrate a dot net website to dot net core 6.0.
- I have worked on several integration projects with Salesforce, Zuora, and Boomi. We have migrated several legacy Dot Net websites to Salesforce. As a part of this integration I have developed and deployed back-end RESTful web services using ASP.NET core web Api and dot net core console jobs.
- Created proof of concepts in .net for various user stories. Such as moving the files from one server to another, comparing folders and files in a shared point and shared network folder.
- I had the opportunity to work on creating a cloud Power Automate workflow, which streamlined the workflow process for a client, resulting in significant time savings.
- Provided application support to clients and users in Service Now (SNOW) and worked on several service requests and incidents on major production issues.
- Worked on several JIRA enhancement tickets.

Educational Qualification

- **B.E(Electronics and Communication)** - 8.78 GPA
  Coimbatore Institute of Technology, Coimbatore
  2016-2020
- **HIGHER SECONDARY** - 96.5%
  Mary Matha matriculation school, Theni,
  2015-2016
- **S.S.L.C** - 97.6%
  Mary Matha matriculation school, Theni
  2013-2014

TECHNICAL SKILLS

- C#
- Microsoft SQL Server
- JavaScript
- DOT NET
- DOT NET CORE
- Angular
- Power Automation

- Azure fundamentals
- Python

Competencies

- .NET Development
- Technical support
- Client/User Relationship Management

Certification

- Microsoft Azure Fundamentals (AZ-900)

Accomplishment

- ANNUAL HALL OF FAME AWARD (Business unit of the year 2022)

Declaration

I hereby assure that the information furnished above is true and accurate to the best of my knowledge.
